### GLOBAL ECO ADVENTURES (GEA)

The mission of Global Eco Adventures is to create awareness of environmental sustainability through education of protected areas that are considered natural phenomena with exceptional aesthetic importance and fragile ecosystems for future generations. We seek to increase passion, conservation efforts, and volunteerism by immersing students in research efforts that are underrepresented in Science, Technology, Mathematics and Engineering, focusing on expanding scientific insight. GEA seeks to educate others and establish environmental awareness by training for expeditions, working in, operating in or gathering information about our Earth's extreme ecosystems.

#### **2024 ECOBALL PLANNING COMMITTEE:**
